# Convocation Center bids exceed projected estimate

Fc 1 74

Pacer Staff Writer All bids opened last Thuraday for the proposed Physical Education and Convocation Center were over the projected cost, with the lowest bld being nearly \$900,000 more than had been anticipated, according to Ed Neil White, administrative assistant to the vice chan

Pacer Staff Writer

Administration Building Is scheduled and at the same time University officials are

awaiting pre-planning ap-proval of an addition to the

building, according to Ed Neil

White, administrative assistant to the vice chancellor for development.

"We're requesting 10,000 additional aquare feet for administrative purposes based on a projected

based on a projected enrollment of 6,000 students by 1980," White said. "But the entire building will be remodeled whether the addition is approved or not."

dition is approved or not."
The present projected cost is \$1.23 million. However, this

figure is only a rough estimate and will probably change, White said. The earliest possible date for completion would be January of 1977, he

The addition, White sald, would create a north entrance

to the building. It would indicate a definite point of

arrival to the campus and possibly include a 24-hour

information service primarily for visitors. However, it is doubtful if the addition will be

approved, he said.
"We have a need for more square feet than is in this building. In remodeling we will get some more space, but without the addition it won't

without the addition it won't

be as efficient," White said.
At this point a program statement has been drawn up.

In addition to the base bid for the proposed project, seperate bids were taken on a bleachers contract and flooring contract School Products of Nashville was the apparent low bidder for the bleachers with a figure

Systems of Thorofare, N.J., was apparent low bidder on the floor contract with \$96,725 The next step for the ad-

ministration is to see where cutbacks can be made in the original plan to bring the bid within the allocation, according to Provost Jimmy Trentham

"We are working with the University architect to see if it would be possible to cut anything out of the plana in order to lower costs," Tren-tham said. "I just don't know how contractors are estimating in such uncertain times. With material prices fluctuating so much and the fuel shortage, I would think it

would be very hard to come up with a firm price."

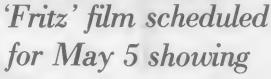

White agreed that possible areas of cutback in the project are being examined, but added that such a move would be "very difficult" because be ''very difficult'' because much of the original contract had already been trimmed

prior to bids being taken.

White said some areas of cutback under consideration include the planned remodeling of the Fieldhouse and the lighted tennis courts on the outside the building.

'Keep in mind that these consideration are only speculative," White said."We have looked at the possibility

our back door since every building faces the quadrangle.

By JANICE GARRARD Pacer Staff Writer

The controversial X-rated movie "Fritz the Cat" is scheduled to be shown on campus May 5, David Farrar, SGA vice-president, said last Thuraday on WUTM's "Frontline '74."

"As far as I, the Movie Committee and the Enter-talnment Committee are concerned," Farrar sald, "We're going to show it. The film has been ordered for May

"Fritz" was originally scheduled to be ahown Jan. 20 as an SGA movie of the week.
On Nov. 13, the University
Council voted to prohibit the use of University funds or University collected funds to pay for X-rated film rental. It further stated that It further stated that chartered organizations may show X-rated movies provided the organization algns a

the organization aigns a waiver of University responsibility. To his knowledge, Farrar said, the SGA will sponsor the show. "I would encourage everyone to sec "Fritz the Cat," Farrar said. "I think it

reactions of the characters reach a fever pitch of ex-citement," he said.

There passes before the audience a long line of men

Tchekhov's genius lies in his ability to give universal significance to these ordinary men and women who so much resemble ourselves, Lavelle

A new campus zlp code will be implemented March t, according to Lillian Rowlett of the UTM post office, "Our new UTM zlp code is 38238," Chancellor Larry T. McGehee said. "Our old number will be honored as long as necessary to make the transition to new printed materials. If you care to correct by pen anything you

send out now, please feel free to do so."

According to McGehee, there will be no change in the zip code of Grove Apartments, University Courts and

Westview Terrace.

"The number for the married student apartments remains the same as that of the city of Martin (38237)," McGehee said, "because the post office delivers mall directly to residents of these apartments. These residents should not put UTM in their return addresses

and should use the old number.
"We believe the use of this special number for offices and single-student housing will speed the delivery of mail," McGehee said.

For the campus radio station, it is now a give or die situation.

The majority of the staff have decided to not reopen WUTM-FM Radio next quarter and while there are countless frustrations which could be itemized in a seemingly endless list, such a drastic action, with its potential catastrophic effects, would not be made in the heat of passion or the frustration of the moment.

Keep in mind that many times it is not what the case actually is, but what it appears to be that in reality is truth to those who see the action. For instance, several staff members have emphasized that it is their disenchantment with the present communications program and their concern for an adequate communications education which is prompting their move. Whether or not this is the real reason is something only they can answer, although certainly such rationale is not without foundation.

But at the same time, this action defeats the very purpose for which they have ardently fought for in the past-namely to make the radio station an available and intricate portion of the communications program.

It is a case of students having been lied to, mislead, given false hopes and empty promises to such an extent that they now are ready to throw up their hands and say in effect, "what's the use of trying any more?"

And really, a person would have to be hard put to be able to come up with a justifiable answer, other than the fact that such persons as Provost Jimmy Trentham and Dr. Milton Simmons, dean of liberal arts, have given assurances that improvements, not only in

# Station station stated in error radio stations personnel in particular. No doubt, those who have been working a the station for nothing or next to nothing are frustrated and ready to give up. This was

#### Patience and practicality need consideration week's Radio Committee meeting that he resigning as of the end of this quarter.

the radio station, but in the communications program in general, will be forthcoming.

While others have been less than honest, still the decision to not believe them came only after they proved themselves to be false. Trentham and Simmons deserve no less than an opportunity to prove themselves to be honorable men.

However, it is hard to make enroads when roadblocks are being constantly thrown up by the very persons who are trying to be helped, and certainly this is the case this time.

For instance, the UTM budget in the foreseeable future, does not have funds available to adequately run the station or purchase additional equipment needed to make it a working laboratory for the communications program.

However, the money is available at the UT Systems level and some efforts have already been made to secure that money by having the division of continuing education in effect, put in a replacement station with new equipment on the UTM campus.

While the administration has done nothing more than to "negotiate to negotiate," rumors have been flying around the radio station like hail in a windstorm that the Systems will install a new station, chase out all the students with a blacksnake whip and proceed to play an endless array of classical

While it is true that WUOT and UTK is operating on this format, no one in a position of power has even suggested that such a model be copied here.

The WUTM staff has at this point decided to exit en masse, and whatever justification may be given, the fact remains that such an action puts the UTM administration in a severely vulnerable bargaining position.

It is impossible for Trentham to bargain for a new station with student participation, claiming that this campus has responsible students when the only thing he can point to is a boarded and shuttered building where a student operated radio station was once alive

The situation is made even more difficult when one considers that one of those who must be dealt with by UTM officials is Dr. Charles Weaver, systems vice president, who is reported to have a generally unfavorable attitude towards students in general and

frustrated and ready to give up. This wa evident when John High announced at las week's Radio Committee meeting that he was

High has done a magnificent job as station manager and considering the station's physical facilities, one can only marvel that he was able to keep it going as long as he did.

No one can really blame High for leaving, but should everything that High and everyone else who has put countless hours into the station be tossed down the drain, when it finally begins to look like some needed changes are going to be made.

In terms of short range solutions, the answer is for everyone to quit-to walk out and rid themselves of a headache. But to look beyond self gratification to the long-range effects, one cannot help but feel that such a move is a mistake.

Maybe it will mean more frustrations and more sacrifices by the staff, more sleepless nights wondering whether this tube will last the week or that needle will break in the middle of a record.

But if in the end, all these frustrations mean that someone has finally done something to improve the communications program, if something is done where a better station with extensive student participation is realized-then these days of despondency and despair can be looked back upon as the beginning of the creation of something which will benefit students for a generation to come.

#### 'The best laid plans'

The wondrous occasion has finally arrived, and I am now able to divulge the most joyous of news for recently there came into my possession a most remarkable document-a document that is, in fact, the transcript of the conversation that occurred during the mysterious 18 minute gap in the much discussed Watergate tape.

As a preliminary tidbit, I ean tell you that this conversation consisted of a secret discussion between the Most High Government Official and the mayor of a small college town in upper West Tennessee. According to this dramatic document 1 now hold, the conversation

proceeded as follows:
Official: Good Morning,
Mayor, The reason 1 have
called you to Washington is to confer with you on how to deal with a very dangerous, devilish and despicable enemy. Mayor, let there be no mistake. I am speaking of the notorious student body of that eollege in your happy eollege

Mayor: Sir, is that a microphone I see there? Official: Let me make it perfectly clear, Mayor. Those disrespectful college students are at the very top of my newly revised enemies list. They must be dealt with

brats and Ellsberg, blast Mayor: Oh, l agree wholeheartedly, Sir. Those students are nothing more than a rowdy, mischief-

before they become an in-

tolerable threat. Those college

Sir, you just wouldn't believe what they're really like-why, they demand rights equal to those of the townspeople! What gall! Do those miserable nothings actually think they deserve any rights in my fair

Official: It's another crisis. Mayor, we must put the in their place. This is not a time for mere brilliant rhetoric but a time for forceful action! We must strike and strike hard! Perhaps I can have the IRS audit their tax returns.

Mayor: No good, Sir. These low-life snoots don't work. They're a lazy and shiftless bunch of sluggards. How about convicting them all on trumped-up drug charges?

Official: 1'm no crook, Mayor, What we do must not be illegal. But of course that doesn't rule out immoral and consider this course.

Mayor: 1 have it! Even though most of the students reside in the town for most of the year, we'll give them the perfect shaft—deny them voting rights in the town forstate and national elec-

Official: Bravo, Mayor! That is an idea worthy of even my devious mind.

Mayor: And I could get the Merry merchant of the town to charge them unreasonably high prices and treat them with unheard ruthness. That should show the upstarts

Official: That's still not conversation is privileged!
enough, Mayor. We must put official pressure on the that really does look like a Official: That's still not maddened band of brigands, troublemakers to insure that

they know better than to speak before spoken to

Mayor: How about ordering the local police to unduly harass them? You know what narass them: You know what I mean-excessive and un-ealled for speeding tickets, illegal parking citations. reckless driving charges and the like. After about four years, we'll be swimming in

Official: That's the idea Give them four more years of hell! And I could per-

Mayor: suade the local judge to be sespecially harsh on them in court. Put the lily-livers in jail and it will make them realize they can't fool around with the

proper authorities!
Official: Mayor, your genius amazes me. You're my kind of public servant. Put those measures into effect at once! Without delay! We'll rid your happy town of those

ragamuffins! Mayor: But, Sir , if we run them out, the town's economy will collapse. Official: That's no problem. I'm expecting a big break on

my taxes again this year that should help cover your loss. Mayor: But what if someone finds out about all this? Wouldn't that create

quite a scandal? Official: No need to worry Mayor. What we have said here today is as safe as the eonversation 1 had with my lawyer last night about a certain cover-up. I'm engineering Believe me, no onc can get a thing on us. This

#### Other side presented

To the Editor:

Last wecks' Pacer carried a column on the editorial page by Mr. Brock with which disagree on a number of points. Because I was men-tloned, although not by name, I feel some obligation to answer his article.

There is a disturbing tenency to use colorful, dency descriptive terms without substance. To call my remarks in a discussion "edicts" shows an alarming nonchalance with definition of terms. He pictured me as 'eaten up with (my) brainwashed form of religion." 1 don't understand how he knows so much about my religion, or why he brought it up, since no part of my position or of the debate was based on it. He assumes, in-correctly I hope that to accuse

me of being religious is enough to make me an object of ridicule and to destroy my argument. The article in question opens

with a melo-dramatic statement of defiance in the face of great danger 1 have no desire or ability to hurt Mr. Brock or to suppress his views. While he tried to make me appear as a raging lion about to devour him, I am a pussy-cat, and I suspect that Mr. Brock knows it. I hope he ceases to try to make a reputation as a lion-tamer that

The meeting he wrote of was called to deelde if "The ager" should carry beer ads. Using reports by committees of the American Medical Association 1 documented the serlous medieal, psychological, and social

problems resulting from beverage alcohol The paper could well afford, I said, to refrain from contributing to the problem As I expected, the committee voted to carry the ads. I agree that the majority should rule while respectfully dissenting from the decision. Anyone interested in my position can have a copy of my written position statement and is welcome to challenge me if I am in error.

What Mr. Brock calls my 'abominable suggestion' muzzle the editors grew out of my eoncern with predictable result of the passage of this motion. The room for these ads must come from present copy space. 1 think that the news and ser-vice coverage of the newspaper has already been reduced drastically, if not dangerously, in comparison to editorials. I suggested that the staff consider taking this new cut from the space given to

staff-written opinion pieces. That didn't prove propular with the staff and evidently resulted in the article. My contention is that "The Pacer" belongs to the whole student body and that for a small group to develop a possessive attitude toward space in it would be unfortunate. I hope members of the staff will not always in-terpret words of caution. advice, and occasional

criticism as attempts to destroy the freedom of the press. It is not justifiable to regard every opposition to a request for increased support as an expression of an-tagonlsm, unconcern, or ignorance. The greatest detriment to the power of the press is for the readers to conclude that the newsman's interests are primarily

I am not condemning criticism. I only suggest that while gadflies are useful, they

don't get much done alone. In that line of work success demands extreme care and justice, while failures are just

#### Faulk makes response

To the Editor;

I must question the Pacer's research. Apparently there was little or none on last week's editorial on SGA concerts. You state that advertising is improved but could be better. Before that statement were suggestions to advertise at high schools, at other colleges and ln Memphis and Nashville papers.

I'm afraid the Pacer Is six months behind in its assumptions. Concert posters go out to 45 high schools in West Tennessee for each

eoneert Thirteen colleges and universitles receive 20 to 30 posters for each concert. Several of these colleges'

papers also run advertisements.

Two of our concerts have been advertised in the metropolitian newspapers. For each concert an advertising program is established. We are averaging over \$700 in advertising costs per concert. If we had larger outside turn out, I could justify more spending. However, we have not received dollar for dollar benefits from outside

In the future I suggest that you research a topic before taking a firm stand on heresay and guess work. Mike Faulk

advertising.

SGA Secretary of Communications

#### Listen first

lmagine that you are a chemistry major or professor Your lab is in the smallest, most dilapidated building on campus. You have only a handful of test tubes and one match to light your antiquated bunsen burner

You plead with the ad-ministration for better equipment, but they ap-parently in all sincerity tell you there just isn't enough nioney to buy lt. Through a lot of personal sacrifices you made do with what you have. Then the director of the UT Center at Oak Ridge tells you

they will build you an ultramodern lab and hire the people to run it as long as you let the people at Oak Ridge decide what kind of ex-periments you are going to

At first this idea sounds fairly good, but then I think most of us would begin to wonder whose interest this guy from Oak Ridge really had at heart, the students of UTM or the benefactors of the Oak Ridge Center. I don't think many people in

the chemistry department would stand for a situation like this in their laboratory, but in principle it is the same as the impending takeover of WUTM-FM by the Division of Continuing Education, for the primary purpose of WUTM is as a labratory for the com-

munications department.
The problems facing WUTM are not unique. They are part of a larger set of problems facing the entire University which have been brought on largely by declines in enrollment and resulting fund cuts. However, these problems seem to be magnified in the Communications Departments and particulary the radio station

One piece of new equipment has not been added to the station since it's 1952 model control board was installed in 1971. It's operating budget Is currently less than 15,000 dollars each quarter. quarter. Apparently, some segments of

the UT heirarchy have not given It their full support.

There isn't an easy way to solve the problems facing WUTM, and I feel that walking off the job, regardless of how frustrating it may be, will only make a bad situation worse.

Several proposals have been made which I feel would greatly improve the situation.
A first step is to establish a
Communications Committee
which would replace both the Radio Station Committee and the Publications Committee. It shoud also have the responsibility of recom-mending course changes for the entire eommunications department.

Second it is needed to find the money floating around somewhere in the UT System that is needed to hire a full time director for the station, while letting the students retain overall control of the station's format. For according to UTM's official philosophy, "The kind of person ultimately produced by the educational experience is the central concern of the University of Tennessee at Martin.

Third, it is needed to improve the station's facilities and to increase the station's budget to at least 15,000 dollars. If the Division of Continuing Education has the

money to operate a station, why couldn't this money be rechanneled directly to UTM. And most important, all of us involved in the Com-

munications Department need to remember that there are two sides involved in com-munication, the side transmltting the idea and the side recciving the Idea.
All of us seem to be doing a

fairly good job of transmitting our ideas, but are we doing as well on the most important side of communicating? How many of us are really listening to what the other guy has to say, or more important why he is saying it.

"Were it left for me to decide whether we should have a government without newspapers, or newspapers without a government, I would not besitate a moment to prefer the

Arriving on campus last Thursday to speak before the College Young Democrats, Congressman Ed Jones is greeted by Dan Alsobrooks, former Young Democrat president, while Dr. Parker Cashdollar and

Randy Camp, president of the organization, look on. In his speech, Jones said the Judiciary Committee investigating possible grounds for its work in late April or early May of this year.

### Rabbi Danziger explains history of Jewish culture

By CAROLE WHITEHEAD Pacer Staff Writer

Judaism may not sound very holy, but it does sound very human, said Rabbi llarry Danziger of Temple Israel in Memphis, speaking Tuesday afternoon on the difficulties of the Western world to accept Judaism as a

"The Western World has a tendency to believe the word Jew is a label for a type of religion. It is not exactly a religion. It is, rather, a culture-a family not a chur-ch," he said.

Danziger contrasted Christianity with Judaism by explaining that, while a Christian is tied spiritually to Jesus as his Saviour a Jew, by virtue of self-identification is a

member of the Jewish family.
"The symbolic relationship between Jew and Jcw is the covenant with God-made by Abraham, reaffirmed by the birth of his sons," Danziger said. "The family becomes a people who carry out the convenant with God."

The Jewish people all over

consisting of a shared religion. culture, language, non-sacred literature and politics, he said. Because the Jewish people became scattered, they made their civilization portable, he

"Because of their way of "Ite," Danziger said "a Jew can be exiled from his home and yet fit in with Jews anywhere. The Jewish people is like a family traving dif-

Jews believe many things."

"The Western World can say Judaism is a religion but to understand it as a religion is to understand it as a religion is like banging one's head against a wall." If you asked me what a Jew believes, I would say I don't know. But I do know that all Jews are ultimately and intimately concerned with the fate of all Jews," he said.
"There were 18 million Jews

"There were 18 million Jews in the world in 1933. During the second World War, six million were wiped out," he said. "There arenow14 million Jews in the world. Three million of them live in Isreal.

them live in Isreal.

According to Danziger, the war in the Middle East is not as much a religious one as geo-political. The Jewish nation supports Israel because they feel that if even one-tenth of their population should not be threatened with no exile from their longer with no exilc from their homes with no place to go.

"Jews must be concerned with continuation. They are very much a minority group and largely landless," Danziger said

# gives political views

Congressman Jones

Pacer Asst. News Editor Rep. Ed Jones, D-Yorkville, told members of the College Young Democrats Thursday night that the House Judictary Committee, which is Investigating the possibility of impeaching the President should finish its work in late April or early May of this

The Seventh District representative said he would decide if he feels Nixon should be impeached after the Committee makes its decision He did, however, warn that Impeachment must never be used to hound a President when his popularity is slumping
Nixon did a fairly credible

job in his first term, Jones said thus giving the said, thus giving the Democrats very little chance to win the 1972 presidential election. Jones said Nixon's foreign policy by the end of his first term had secured him a place in history. He also said withdrawal of U.S. forces in Vietnam had added to Nixon's credit during his first term.

credit during his first term.

Commenting on the procedure being used to investigate possible impeachment, Jones said the Committee to Investigate Possible Impeachment was a supply to the control of the committee to Investigate Possible Impeachment was a supply to the control of the control well halanced with representatives from both parties and all sections of the nation.

Although Jones said he would wait until after the committee's decision before taking a stand on impeachment, Jones did say reports of Nixons paying no income tax in his home state since he had been president ind:cated abuse

Prosidential power.
On the subject of energy,
Jones said the crisis clearly has political aspects. He said Nixon's handling of this crisis could hurt him as much as

Watergate.
"Oil companies are taking advantage of the oil situation," Jones remarked. Hc said that American Petroleum Industry reports had said the oil industry's fuel supplies were nine per cent higher this year than last: Moreover, he sighted that most major oil company profits had increased this yar by 30 per cent and the energy

shortage wasn't nearly as critical as it seems In a question and answer period following the speech, Jones said President Nixon wasn't "worth anything as far as farm progress goes."

Jones, the chairman of the

House Subcommittee on Dairying and Poultry, said the country would face a shortage of dairy products in the next 12

#### Field course of southern history set

Students interested in the historical architecture of the south will have an opportunity to take a field course in "Historical Participation and "Historical Participation and Research" from March 17-23. Led by Drs John A. Eisterhold and Charles F. Ogilvie, associate professors of history, the four hour course, offered through the UTM Extension Division will include house and garden tours in Natchez and Columbus, Miss; New Orleans and Baton Rouge, La. and and Baton Rouge, La. and

and Baton Rouge, La. and Mobile, Ala.

Cost for the trip, including transportation by car, motel and course registration, but exclusive of food, is \$150. Interested students should see either Dr. Fisterbold or Dr. either Dr. Eisterhold or Dr

Judge Harris will also talk about varnus aspects of the judicial process during the one-hour program sponsored by the Pre-Legal Society.

Students interested in visiting Memphls State University School of Law on Saturday should contact Dr. Ted Mosch associate political Ted Mosch, associate political science professor, In Room 322 C, Humanities Building.

#### APO lost and found reveals golfer's watch

By KEITH FRANKLIN Pacer Staff Writer

An engraved Ilamilton wrist watch won by professional golfer Cary Middlecoff in the Tennessee Golf Association's 1940 tournament at Holston Hills has been discovered in UTM's lost and found center, according to Jim Wilcox, member of the Alpha Phi Omega lost and found com-

Wilcox said, he discovered the watch, which had been in the lost and found at least a year on Feb 15 when he began to inventory and categorize the items in lost and found as part of the centers reorganization.

After discovering the watch, Middlecoff's secretary was contacted through the Chancellor's office, Wilcox said. Less than 15 minutes after Middlecoff's secretary was contacted, his wife called back and gave an address where the watch could be sent at Middlecoff's expense.

Middlecoff lost the watch along with the rest of his jewclry when their home was broken into about two years ago, Mr. Middlecoff said.

This is only one of several unique items which have shown up in lost and found, Wilcox said. The owner can

claim any of them by coming by the center located across from safety and security in Cooper Hall from 2-4 p.m. Tuesday through Thursday or by contacting any member of Alpha Phi Omega, he said.

#### Administration

(Continued from Page One)

It can take half a day to find out who it is you want to see. A north entrance would eliminate some of this con-

White said an architect could be hired immediately upon pre-planning approval. No funding, however, could possibly be voted by the legislature until January, 1975

at the earliest he said.
"I don't know where we'll go during the remodeling,"
White added. "It would be cheaper for everyone to move out rather than do it one floor at a time. If the dorm situation is the same at that time, it might be possible to move into part of a dorm. This is the only solution I can see, but of course we're not to that stage yet and this is only a possibility."

The remodeling, once started, would take roughly a year and a half, White said. At this time it is possible to use only a little less than half of the square feet generated for the building's present use due to space taken up by corridors, classrooms, and wall space, he said.

#### SGA movie stars Fonda

"The Hired Iland" will be the SGA movie of the week at 2, 6, and 9 p.m. Sunday in the University Center Ballroom

The western stars Peter Fonda, Warren Oates and Verna Bloom Fonda also directed the film by

#### UTM faces Lambuth in opening round at Memphis tournament

The Women's basketball district tournament begins tonight in Memphis with the Pacers opening the round-robin tournament against Lambuth at 7:30 p.m. Friday the Ladies will meet Memphis State at 12.30 p.m. and Union at 8 p.m.

'If Middle Tennessee only has three teams participating then the top three teams from the West will go," said Coach Nadine Gearin. "However, if

#### Matmen close year with win and 6-5 record

By BUDDY SMOTHERS Pacer Sports Writer

The Pacer wrestling team closed out the 1973-74 season with a 35-16 win over Boutheast Missouri last Wednesday in the Fieldhouse Wade Judkins, 118. (Thris Lynch, 158 and Bill Speitel claimed pins for UTM in the forfeit shortened contest Both TM and SEMO forfeited one weight class in the contest The Pacers finished the season with a 6-5 record

"If everyone pulls grades we have the nucleus of a good team coming back next year with competition in some weight classes, but we will need plenty of (reshmen' coach McCartney said. "We finished 6-5 with the schools toughest schedule to date which is quite an ac-complishment for an inexperienced team.

wrestling team was very inexperienced this year. McCartney said, as only Wade Indkins and Mcl Turner returned from last year's squad. Next year the situation should be different as UTM will return eight of this year's 10 starters, he added.

This along with the fact that 1972 SEIWA conference champions Bruce Boggs, 142. and heavyweight Ron Smith will be returning to the squad should make the Pacer matsmen extremely tough next year, McCartney said.

they have four teams then the top two will go for our

The Ladies have split with Lambuth and Union this season, but have never faced MSU

"I have only seen MSU play once, and that was during Christmas," Ms. Gearin said. They have a pretty good teani."
"If we lose this weekend our

season will be over except for the game at Lexington against UK, I don't think our season is going to end in Memphis," Ms. Gearin added.

Last weekend the Lady Pacers lost two games in the Tennessec Tech Invitational tournament in Cookville. Friday night the Ladies lost by ten to Austin Peay 65-55. Jan Godwin led UTM in scoring with 24 points and eight rebounds. UTM hit 51 per cent from the field and 68 per cent from the free throw line. The Pacerettes pulled down 36 rebounds. APSU hit only 31 per cent from the field, but

The UTM coeducational

#### Best year to be his last, Judkins ends season 8-2

By ERMA SEATON Pacer Statf Writer

Wade Judkins admits it is better for a wrestler to be tall and lanky, but his quickness, strength and skill have given him stature as a wrestler at UTM above his height of 5'3".

"He's a real tough little character," says Coach Phillip McCartney. "He's made up for his size in spirit an drive. Wade's a real asset

senior in physical education, Judkins has wrestled here four years. This year, his best at UTM, he was second in pins and ended the season with an 8 and 1 dual meet record.

Wrestling at 118 pounds, Judkins started every meet and could be counted on to make the first points for the team, McCartney said.
"It would help me to see

another match before mine, to help me get psyched up," Judkins admitted. "But if 1 win 1 get to watch the others wrestle without being ner-

A wrestler in high school. Judkins said he probably would not have gone to college if it was not for wrestling. When he heard Coach Richard Reiselt was interested in him he came here, registered late and joined the team.

"College wrestling is harder than in high school," Judkins said. "Your competition comes from all over the nation. State champions." dime a dozen in college."
When asked why he liked the Judkins answered

quickly, "It's just you and one other person. There's a lot of discipline-if you make a mistake you can't share the blame with 10 other guys like in football. You're out there by yourself." Judkins said be would like to

coach wrestling in high school, although there is not much money in it. His experience will be a real boost to wresting in the South, McCartney said.

coaches with any background It really hurts us here. Many boys start on the team having never wrestled before," he said. "Wade is one of the tirst to go out with wrestling experience. We hope he teaches in the area and can send UTM some good

wrestlers."
Now that the season's over, Judkins says it will be nice to relax, let his hair and beard grow, and get into his studies

"It's been eight years of hard work," he said. "But I'll miss being in actual com-petition. It's been worth it-every bit ot it."

#### Performances earn honors

Pacer Jim Martin was named Guif South Con-ference Player of the Week Tuesday for his outstanding performances in week's three baligames.

pleasant way to close out the Bob Paynter said following the game "Our shooting was good and we were much more aggressive. There was a lot

better teamwork "
Jim Martin led team scoring for the fifth consecutive game with 26 points, adding 13 rebounds and three assists, but it was 6-4 fireshman Darrell Winegar who stole the show Playing in only his sixth varsity game, the young guard had 20 points, two rebounds, and two assists.

"Darrell was just fantastic for a kid who hadn't played that much this year."
Paynter said. "He played a pretty good heads-up ballgame."

"I guess you could say I just got high," laughed an ob-viously pleased Winegar. "The crowd helped me keep it up once I got going. I'm just glad I could help the team." UTM now leads in the Union

Game aeries 25-20. Emotions ran high Friday night as Troy State invaded UTM and received an 88-81 Gulf South Conference loss

UTM had a 15 point lead cut to 4 late in the first period, but led 45-37 at intermission. Then the real fun began as 21 personal fouls and three technicals were called in the second period

At least two times both benches met at mid-court to express their grievances. TSU putled to within two points 80-78 with 1:44 remaining, but the Pacers took advantage of free throws for the win. Jim Martin led UTM with 29

points and 15 rebounds. Mike Baker, Bennie Patterson and Arthur Boykin had 19, 14, and

13 points respectively.
Saturday night UTM was out manned as Jacksonville

Martin and Bennie Patterson grabbed 13 rebounds each

Paynter saw free shooting as the major dif-

snooting as the major dif-ference in the games.

"Against Troy we played one of our most aggressive games this aeason," Paynter said. "We hit 20 of 25 free throws and won by seven. Against Jacksonville we only hit nine of 21 and lost by six. That was the big different The kids were more tired

State captured a 77-71 GSC Saturday after that all out victory Jim Martin had 23 effort Friday. I perhaps points to lead the Pacers. should have rested them

earlier in the game " UTM travels to Delta State tomorrow night and North West Louisiana Saturday to complete their season, NWL is the probable GSC winner and is seen by Paynter as the league's best team Tip-off for both games is set for 7 30 p.in

The David Lipscomb game orginally scheduled on Jan. 28 but reset for Monday night request of Lipscomb officials

#### '55' placed in retirement as senior star ends career

Tuesday night prior to the Varsity basketball game number 55 was retired, which had been worn by Pat Head for the past four years. Pat ended her career with the Pacerettes in January when she suffered a knee injury which required surgery.
Pat amassed a number of

awards in her career in-cluding co-captain of the women's team that went to Russia thia summer.

"Pat has helped the omen's basketball program a great deal in the four years she has been here," said Coach Nadine Gearin. "A player with Pat's talent only comes along once in a life time and I feel she deserves this honor.'

Pat was presented with a jersey and a plaque of the

"I am proud to be honored in such a way," said Pat, "I'm grateful to the women's athletic department and to the University."
The future is very uncertain

for a young woman has recently been seen standing in the middle of a basketball court in her cast baskets or coaching the team 'Pat has been a big help to me since her accident," said Ms Gearin, she has supported us and helped us a lot mentally.'
She plans to enter graduate

school and hopes to coach someday.
"My future participation in

sports depends on my knee," she sald. I would like to try out for the World University Games, but right now everything is just wait and

Military offerings to expand

#### Mini courses proposed

Pacer Staff Writers

Several one-hour mini courses will be offered in military science, Col. Alvs Pendergrass, Jr, professor of military science, said last Thursday at an Academic

According to Pendergrass, the courses will include ar-titlery, demolitions, lnterrogstion and others "which wiil lead to s greater participation from seniors.

Journalist to discuss newspaper careers

Charles Rodgers, recrulting and job counseling manager of the Memphis Publishing Company-publishers of The Commercial Appeal and Memphis Press-Scimitar will hold a film and discussion period on "Career Oppor-tunities in Newspapers" at 1 p.m tomorrow in Room 201 of the University Center.

According to Ray B. Crow, employee relation manager of the company, Rodgers is "particularly active in

#### **Political** Science Club formed

By CAROLE WILITEHEAD Pacer Staff Writer

About twenty political science majors and minors attended the organizational meeting of the Political Science Club last Tuesday night.

Tom Brock acted as temporary chairman of the club and appointed a committee to form a constitution and to make application to the University for club

recognition.

The club is non-partisan and wlli observe and analyze political problems from an academic and scientific point of view according to Dr. George C. Kao, associate professor of political science and academic advisor for the

"The club has three major purposes," Kao said. "It will be both academic and professional-a meeting when members can engage in discussions, hear speeches and hold debates concerning political issues.'

It will be a fraternal and social club where members may exchange views and learn of new and differing aspects of political science instruction, Kao said.

There are plans being made for field trlps and a social to be held in the future, according to

Richard Chesteen, assistant professor of political science. Forty-seven Liberal Arts students have declared political science their major. Several more students have declared political science their major. declared minors in the field or are concentrating in political science In the school of Education. All are eligible to joln the professional club, Kao

#### March 1 deadline set for financial aid applications

Students seeking scholar-shlps and financial assistance for the 1974-75 school year will have a March 1 deadline for application, according to Bill Fron, director of financial aid.

Fron sald that after March applications may not be glven full consideration because of limited funds.

recruitment and in counseling of employees having problems

on their present jobs or seeking advancement " Rodgers visits coileges, universities and high school in the area to acquaint students with the opportunities in all

departments of the publishing company, Crow said.
"Initially, in both recruiting and counseling, the emphasis will be on purchishing with the constraint of the country of the country in the country in

will be on working with minorities," Crow said Rodgers joined the Press-Scimitar editorial staff as an office clerk on Sept. 1, 1969. In February, 1970, he was promoted to copy reader and later became a reporter. He held varlous assignments, including the campaigns of Shelby United Neighbors, fire departments of Memphis and Shelby County, civic organizations and general news, before being promoted to his present position.

Hutson, chairman of the honors council, to reduce requirements and add flexiblity to the honors

program
"This would enable more students to join the program whereas students in the past have had to drop-out because of priority to graduation requirements, departmental courses not being offered and practice teaching committments off-campus, Hutson said

In saddition to these proposals, changes in the bi-elgy and engineering departments were approved.

"The description of

Entomology 3110-20-30 was changed because a new teacher is teaching the course," Dr. Ted R. James. chairman of the biology department said Zoology 3120 and Entomology 3120 were changed from four-hour to

three-hour courses.
In engineering technlology a two-hour lab has been added to Engineering Technology 3010 changing the hours from three to four, according to James O. Jones, chairman of englneering engineering technology department. Also, he said, Engineering Technology 3122 was added to the mechanicai technology major while Economics 2120 was dropped. All of these proposals will now go to the Academic Senate to be voted on for final

Sorority scholarship applications available

Applications for the annual Zeta Tau Alpha Foundation scholarships may be obtained in the Financial Aids Office, Room 104 of the Administration Building, according to Kathy Blackwell, general advisor of the Martin

ZTA chapter.
"The money for the scholarships comes from ZTA chapters and alumni from across the nation," Ms. Black-well said. "The awards have been presented at Martin for about 11 or 12 years-since the

number of layoffs

Prados also gave four suggestions on how to utilize current engineering talent. He suggested that engineering professors and employers should assist the engineering schools in recruiting women and blacks and that employers should devise a plan to minimize future lay offs. He also said society should utilize engineers as engineers and continue to encourage education

SETTLE FOR LESS

Breakdown traps girl in Fine Arts elevator

"I've always been scared of

elevators," Johna continued,

"and now I'm going to quit

By PATT ELMORE Pager Feature Editor

While her father conducted Choralairs the riding them background, Johna Mathesen, 8, remained stuck in the Fine Arts elevator for almost 20 minutes Monday afternoon. "I'm glad it's her," Dixie Rockholt, secretary, said

"and not some other kid. She'll be all right."

The elevator is plagued with breakdowns habitual secretary Brenda Byrns, said.

"It's been broken about a week this time," Ms. Byrns said. "It usually breaks down about one or two times a year. It has broken down four or five tlmes since 1970 and sometimes stays broken for about a month. This is the first or second time this year it has broken down.

"The company which installed this elevator went bankrupt or out of business shortly after installation," Ms. Byrns said. This eauses

ms. Byrns said. This eauses some difficulty when repairs are needed, she said.

Johna, the daughter of John Mathesen, assistant professor of music, and Nancy Mathesen, music instructor, music instructor, as freed from the alexanter by was freed from the elevator by Jack Bell, a senior. She later said she was unaware the elevator was broken.

SGA challenges

#### Administration in basketball

The SGA and Administration will meet in a basketball game at 7:30 p.m March 4 in the Fieldhouse with the SGA seeking revenge for an earlier loss in a volleyball game between the two groups last quarter.

Ross, originally from diana, has performed Indiana, across the country as an in-dividual artist. He has also written and performed for ABC television network and

Eastern Airlines
Bowles of Nashville is working on his bachelor of music degree at Belmont College in Nashville He has written the title song of their "Sadelia" and also "You are the Hangnail in Life and I ean't Bite you Off."

They appeared here last year at one of the coffee houses and were well received by all who attended," Farrar said. 'For this reason we decided to have them return I don't think that anyone who attends will be disappointed."

Evidence of style growing among people over the South and Midwest areas. Most people rate the Jaek Ross and Woody Bowles concert as the most memorable one they have ever seen." Farrar said.

#### Panel to talk on Mid-East crisis tonight

A panel diseussion on "The Middle East Crisis" will be held tonight at 7:30 in the Humanities Auditorium, according to Lonnie Maness, chairman of UTM's departmental forums and lecture. mental forums and lectures eommittee.

Participants will be Dr. John Eisterhold, associate history professor; Dr. Patrick , associate profess Capt. Clifford Beasley, assistant professor of military science and Rabbi Bruee Diamond of Union City Dr. Harry Hutson, chairman of the department of history and political seience, will

moderate.

Maness said the panelists would each give a 12-15 minute speech. Afterwards he said, the audience will be allowed to question. Each speaker ought to engender quite a bit of discussion from the audience, Maness said.

### Oberlin Quintet scheduled to perform Monday night

Pacer Feature Editor he Oberlin Woodwind Quintet will perform at 8 p.m. Monday in the Fine Arts Auditorium as the second in the UTM Music Concert Series for this quarter, according to Dr. Ernest Harriss, music

department ehairman.
"The Oberlin Conservatory of Music in Ohio is one of the best known music sehools in the country," Harriss said.
"In a sense, It's a lot like UTM. We've both em-phasized undergraduate work.

The faculty group includes James Caldwell on the oboe; Robert Fries, French horn, Lawrence McDonald, clarinet; Kenneth Moore, bassoon and Robert Willough by, flute.

This quarter, the number of eoncerts in the series has been cut almost half in an effort to upgrade the quality of outside performances, Harriss said.
"In the past, we have had

six or eight concert series events each year, which have been attended fairly well, liarriss said, "but as a rule, we haven't been able to get

FEB. 22-27

of the expense. This year we cut down to just three concert

series events to get really outstanding attractions." Before this year, from \$500 to \$800 was spent on concerts, Harriss said With the groups now being sought by the department, the price reaches \$900, he said

"With so much available to people," Harriss said, "they ean switch on the television to public station and watch a good play in the comfort of their home. That's why we are striving for quality."
The first concert of the

Winter quarter was the per-formance by Jean Kitrell in October. Ms. Kitrell, a jazzragtime-blues pianist, ap peared in conjunction with Folk Fair '73.

"It was very successful and we had a full house at this concert," Harriss said. The other outside event

Conservatory Chorus on March 28, Harris said. All outside concerts are arranged by E. J. Eaton, concert series director.

Harriss said.

#### SGA salary
